

Welcome to our practice. Bay Area Family Physicians wants to provide the best medical care possible for people we care about-you and your family. As specialists in Family Practice, we focus on primary care needs for patients of all ages-from newborns to the elderly. We diagnose and treat almost all medical conditions. Ideally, your entire family will see the same doctor, allowing both you and your doctor to establish a close, trusting relationship. In emergency situations, you will see the first available doctor. Referrals to doctors of different specialties may be needed to complete your medical care; in this situation, we will coordinate your care with the specialist. We provide inpatient and outpatient services at Henry Ford Macomb and St. John Hospitals. We offer the following services in our office:

- Physical exams
- Routine medical care
- Employment/sports physicals
- Gynecology/pap smears/colposcopy
- Hormone replacement for menopause
- Cancer screening
- Dermatology
- Mole and skin cancer/lesion removal
- Smoking cessation
- Bone density screening
- Urgent care/most emergencies
- EKG
- X-ray
- Stress treadmill test
- Ultrasound
- Laboratory
- Lung function testing
- Allergy testing and treatment
- Foot care
- Counseling
- Casting simple fractures
- Weight loss program

Our office is open from 8:00am to 7:00pm Monday through Thursday, 8:30am to 5:00pm on Friday and 9:00am to noon on Saturday. New patients should arrive 20 minutes prior to their scheduled time to complete the registration process. Please complete the enclosed forms and bring them to your first appointment, as this will shorten the registration time. If you ever need to cancel an appointment, please call us 24 hours in advance or as soon as possible.

We look forward to meeting you and working with you as your family doctors.

Sincerely,

Bay Area Family Physicians
